

THUG ARENA 2008 FACTSHEET

Overview

Street and tough enough? Think again. **THUG ARENA** will see teams send their toughest thugs to compete in our street competitions.

Prove your power on the Concept II Indoor Rower – touted as the Ultimate Torture Machine. Be the coolest Thug to deal the most accurate curl. We'll provide the most perfect bar top – you make that perfect curl. Show how tough you are by immersing your bare hands and arms into ice-cold water tank for as long as possible, to fish out cans with the highest scores.

The top individuals will walk away with very attractive prizes.

How It Works

Each DragonTug™ registered individual is eligible to participate in any or all of the Thug Arena challenges.

Victory awaits top individuals of each Thug Arena challenge.

Challenge Games

1) Beer Curling

Let's see who can execute the most accurate curl across our sleek waxed bar top! Aim of this challenge is to try to knock obstacles away as you curl your beer mug into the centre of the target. Points will be allocated according to accuracy.

2) Indoor Rowing

Team representatives are to complete a distance of 1000 metres. Points will be allocated according to the time taken.

3) Beer Angling

You will attempt to amass the highest score by fishing a stipulated number of cans (each with a score marked on the bottom) out of an ice-cold water tank, with your own bare hands.
