

## WORLD VISION TUG-OF-HEARTS™ 2008 FACTSHEET

### Overview

The World Vision Tug-of-Hearts™ is a charity element within DragonTug™ 2008 that brings the community together by propelling participating teams to strive their utmost for their selected charity.

The organisers strongly encourage corporations to pledge their donations to our Official Charity Partner "World Vision Singapore".

### How It Works

The supporting organization pledges to donate a fixed amount of \$1000 plus a variable amount that is tagged to its team's performance (\$X multiplied by the number of races won) during the event.

The organization's support and pledge will be announced prior to every race that their team enters. It will be highlighted that the team is rowing to help its selected charity, and every showdown won would add \$X in donations. The cumulative amount would be displayed throughout the race day, with the final tally announced.

Each participating team shall comprise maximum eight (8) male paddlers and minimum two (2) female paddlers (coxswain and paddler may be of any gender).

### Example

The company pledges to donate: \$1000 + (\$X amount multiplied by no. of races won by the company's team) where the number of races ('showdowns' as we call it here) won can range from zero to say a maximum of six (number of rounds depend on number of teams participating in the category).

0 if the team loses every showdown

1 if the team beats another team in the Round Robin stage

2 if the team beats 2 other teams in the Round Robin stage

3 if the team wins in the knockout stage

4 if the team wins the Semi Finals

5 if the team beats the opposing team in the Grand Finals

+1 to the above if the team wins in the separate Absolute DragonDare™ category.

For example, if \$500 is pledged for every showdown won, and an average team wins 2 showdowns, the total donation equals  $\$1000 + \$500 \times 2 = \$2000$ .

### Note

This donation-pledge constitutes a private arrangement between the Corporation/Organization and the indicated Charity. The organizers of DragonTug™ are solely the facilitators for this private arrangement, and are not responsible for the actual delivery of the pledged funds.
